

# Exelby Green Dragon Community Questionnaire

Since obtaining Asset of Community Value status for the Green Dragon, a lot has happened:

- Enterprise Inns are talking with us
- There is potential funding and support up to £150,000 on the table
- Research continues into what we could do

## A CO-OPERATIVE PUB FOR EXELBY?

For most villages, a pub is a vital service; it is a meeting place, communication centre and an important lynchpin of village life. Much of the appeal of our village rests on its sense of community. It is the reason many people have moved here and remain here. The presence of a community pub would, we feel, greatly enhance that community spirit.

This questionnaire is an important step. We need to know your views on what might be provided and what would receive your support. Please be as honest and realistic as possible in your answers!

The results of this survey will be published and presented to a public meeting when the proposal can be discussed further. All Individual details and responses will be held in confidence.

We would also like to hear from you if you feel you could help in any way with the establishment of the pub. There will be a wide range of tasks to be done from the initial setting up of the project to managing the enterprise.

This kind of venture has been successfully achieved in other villages. There are currently about 45

cooperative pubs in England, Scotland and Wales and many of these have been set up with the support of the charity the Plunkett Foundation.

If you would like to talk through your ideas please do not hesitate to contact

John Walker, Garth House, Exelby, DL8 2HD
