

# EXELBY GREEN DRAGON

We would like to start by saying how welcoming everyone has been since we moved into the village. Thank you for all your kindness and words of encouragement.

With help from shareholders and volunteers from the community the pub was able to open on Saturday 1<sup>st</sup> December. Lots of you came along to see all the changes we have made and hear about our future renovation plans. We also had quality local beers flowing once more in Exelby which was received with open arms.

## FOOD

The kitchen installation is well on its way and we our plan is to have food available in late January/early February.

## DRINK

Black Sheep will always be available with Timothy Taylor's and local guest beers also making an appearance. Our wine list is in the draft stage and will change based on feedback. We have a great range behind the bar already but we want to see this evolve to match your expectations – so if you want a say on what makes the cut, come and see Draft 1 and have your say.

## SHOP

Renovations are ongoing to provide a local shop and cafe. This will provide an additional space to meet for a tea or coffee and also double as a local store. The plan is for this to open before March.
